12,000 – 16,500 lb

DECK LENGTH

20 Feet, 22 Feet

RATED PAYLOAD

8900 – 13,000 lb

Work Ready™ Brandt trailers are based on our exclusive modular architecture; designed and built to deliver unmatched value. Each model is engineered from the ground up to safely haul the equipment you count on every day, working as hard as you do and taking all the punishment you can dish out.

You can always rely on tough Work Ready™ trailers to deliver superior performance, because nobody works harder than Brandt to keep you productive and profitable.

WORK READY™ TRAILERS ARE:

① More Durable and Reliable

Work Ready™ tilt trailers feature premium materials including high-rigidity all-tube frames, torsion axles, fir decking, Tier-1 automotive-grade sealed LED lighting components, easy-grease axle bearings and forward self-adjusting brakes. They employ a high-quality primer and paint finish (with rock guard in key areas) that is designed to be more abrasion-resistant than competitors' finishes. And, key components are bolt-on and easily replaceable, ensuring maximum uptime and productivity.

② More Productive – Easier to Operate

Work Ready™ tilt trailers feature a duty-tested design that includes our exclusive Lode'n'Lok self-latching system, front and fender deck access steps, pallet fork holders, rugged fir decking, 120 km/hr speed rated tires, and an all-weather protected wiring harness. Also available are aluminum wheels, deck traction aids, heavy duty locking toolbox, tie down kit, spare wheel and tire assemblies, and mud flaps.

③ Easier to Own

We make it easy for you with bundling, rebate, and lease options that fit your needs. 0% financing is available with any John Deere machine purchase, or choose from a variety of low rate trailer financing or lease options. See your dealer for details.

Powerful Value. **Delivered.**
